

## SEA Lab Professional Learning Experience

Title I is excited to announce that we are once again offering the **SEA Lab Professional Learning Experience** at **Ortona Elementary** and **Discovery Elementary** this summer.

**SEA Lab** is a unique program designed to increase student achievement and provide professional learning for teachers during the summer. Participating teachers observe a model classroom under the supervision of a lead teacher. Primary teachers receive experience in small group instruction, center management, differentiated instruction, and technology integration.

Current primary classroom teachers or assigned primary classroom teachers for the next school year at Title I schools are encouraged to register for this learning opportunity.

Please see the chart below to select which location and week you would like to participate.

Locations	Weeks <b>Monday - Thursday</b>	MyPGS Section #'s	# of Teachers	Times	Stipend and In-service information for Title I Teachers
