

MENTAL HEALTH / SUBSTANCE ABUSE TELEHEALTH SERVICES ARE

IMMEDIATELY AVAILABLE WITH ANY SMARTPHONE, TABLET OR COMPUTER!

WHO:

Any person 3 years and older. All diagnoses currently accepted during **COVID-19** crisis!

WHAT:

Individual & family mental health or substance use therapy provided via the internet using a smart phone, tablet or computer. We will also provide telephonically if no internet connection is available.

WHEN:

Our staff is available at times that are most convenient to the individual/family, including evenings and weekends.

HOW:

Private, secure, convenient & flexible videoconferencing on a computer, tablet or smartphone. Teletherapy sessions occur via **Zoom**, a **HIPAA compliant** teleconferencing service where an appointment link is sent to the client from the clinician for the agreed upon date and time of service. Each participant connects to the meeting via the link and a therapy session commences. **Accepting all Medicaid plans.**
