

2017-2018 A Parent's Guide to Title I

HOW TITLE I BEGAN

The Elementary and Secondary Education Act (ESEA) was enacted in 1965.

The No Child Left Behind Act of 2001 (NCLB) caused the most sweeping changes to ESEA:

- stronger accountability for results
- increased flexibility and local control
- more options for parents
- an emphasis on proven teaching methods

WHAT'S THE DIFFERENCE?

NO CHILD LEFT BEHIND AND THE EVERY STUDENT SUCCEEDS ACT

The passage of the Every Student Succeeds Act (ESSA) in 2015 represented a shift from a prescriptive federal role in education under No Child Left Behind (NCLB) to more state and local flexibility. States now have more responsibility over their accountability systems, assessments, standards and school improvement plans than they had in the past 15 years. So what does this new law mean for your child's education and school?

No Child Left Behind (NCLB)

Accountability

- States had to develop and meet annual measurable objectives (AMOs) and adequate yearly progress (AYP) goals for subgroups of students.
- All subgroups were required to meet 100% proficiency on state assessments by the 2013-2014 school year.
- High schools were required to include graduation rates and elementary schools were required to use a different academic indicator in addition to assessments results to measure AYP.

Standards and Assessments

- State standards were required in reading, math and science at all grade levels and included three levels of performance for students: advanced, proficient and basic.
- Students were required to be assessed in math and reading/English language arts annually in grades 3-8 and once in grades 10-12 and in science once in each of the following grade spans: 3-5; 6-9 and 10-12. Schools had to assess at least 95% of each subgroup of students in their school.

Annual Report Cards

- State and local education agencies are required to prepare and make available to the public annual report cards on student achievement and other school information.

VS

Every Student Succeeds Act (ESSA)

Accountability

- Eliminates AYP and the 100% proficiency requirement.
- States establish long-term goals and indicators for measuring the academic achievement of all students and each subgroup of students.
- States are required to measure student progress on multiple measures of student achievement that include assessments, student growth, English language proficiency, graduation rates and at least one other state-determined indicator of school quality or student success.

Standards and Assessments

- States must show they have adopted challenging academic and achievement standards in reading, math and science so students will be prepared to enter college or a career. The achievement standards also must include at least three state-defined levels of performance for students.
- Assessment requirements are the same as NCLB.

Annual Report Cards

- ESSA maintains the annual report card requirements from NCLB but includes more reporting requirements at each level.

WHAT'S THE DIFFERENCE?

NO CHILD LEFT BEHIND AND THE EVERY STUDENT SUCCEEDS ACT

No Child Left Behind (NCLB)

Federal Education Programs

- Created individual programs such as Safe and Drug-Free Schools, school counseling programs, mental health programs and the Parent Information Resource Centers (PIRCs) program.

Teacher and School Leaders

- Required all teachers in core academic subjects to be "highly qualified," which meant teachers had to have a bachelor's degree, demonstrated knowledge and hold a certificate in the subjects they taught.
- Did not require teacher or principal evaluations but were required in order to receive an NCLB flexibility waiver.

School Improvement

- Required states to take corrective action in schools that failed to meet AYP in consecutive years, with escalating interventions each year.

VS

Every Student Succeeds Act (ESSA)

Federal Education Programs

- Consolidates nearly 50 programs into one large grant called Student Support and Academic Enrichment Grant which allows states to have greater flexibility on where to spend funds.
- The Parent Information Resource Centers (PIRCs) program is reauthorized and renamed the "Statewide Family Engagement Centers" program.

Teacher and School Leaders

- Eliminates the "highly qualified" teacher requirement. States determine the certification and licensing requirements for teachers in their state.
- Does not require teacher or principal evaluation systems.

School Improvement

- Requires states once every three years to identify a category of schools for comprehensive support and improvement which must include at least the lowest-performing 5% of Title I schools, high schools with a graduation rate of 67% or less and schools where one or more subgroups of students are underperforming.
- Districts are required to partner with parents to develop the school improvement plans.

The Purpose of Title I

To ensure that all children
have a fair, equal, and
significant opportunity to
obtain a high-quality
education

Title I sections under ESEA:

Title I, Part A – Improving Academic Achievement

Title I, Part C – Migrant Education Program

Title I, Part D – Neglected and Delinquent

HOW TITLE I FUNDING HELPS OUR SCHOOL

- **Additional Personnel**
- **Staff Training**
- **Materials and Supplies**
- **Tutoring**
- **Technology**
- **Parent Involvement Activities**

STAR) STUDENTS AND TUTORS ACHIEVING RESULTS

- Free STAR tutoring in reading and math is available for students who meet program eligibility requirements.
- Parents of eligible students will receive information from their child's school.

TITLE I , PART A IMPROVING ACADEMIC ACHIEVEMENT

Districts and schools are required to:

- **develop a Parent Involvement Plan (PIP)**
- **have parents involved in the development, review, and revisions to the plan**
- **use Title I funds to support parental involvement programs**

TITLE I, PART C MIGRANT EDUCATION

The Migrant Education Program:

- funds additional education programs for migrant children (ages 3-21)
- helps migrant students meet academic challenges due to frequent moves and educational disruption
- coordinates educational and support services for migrant children

TITLE I, PART D NEGLECTED AND DELINQUENT

The Neglected and Delinquent Program:

- facilitates the enrollment, attendance, and academic achievement of homeless students
- provides case management for homeless unaccompanied youth in secondary schools
- provides transition services and support to help dropouts and incarcerated youth upon their return to school or employment
- prevents at-risk youth from dropping out of school¹¹

HOW TITLE I SCHOOLS ARE IDENTIFIED

- based on the percentage of students who receive Free and Reduced Meals

How to Apply for the Meal Program

- complete an application through your child's school or online
- one application allows you to register all of your children at once (even if they attend different schools)

WHY APPLY?

Schools receive Title I funds based on the percent of approved applications.

(Your application information is kept private.)

AS A PARENT, YOU HAVE THE RIGHT TO:

- receive progress reports
- have regular conferences
- know the qualifications of your child's teacher
- receive information in a language you understand
- have flexible meeting times
- provide input to the School Improvement Plan (SIP), Parent Involvement Plan (PIP), and Parent-School Compact

WHY PARENTS NEED TO BE INVOLVED

- Parents are a child's first and most important teacher.
- Parents provide opportunities for children to use what they learn at school in real world activities.

If you have any questions or concerns, please
don't hesitate to contact us.
