CONNECTION CORNER

Drive Thru & Virtual Steam Night

Drive through and virtual STEAM (Science, Technology, Engineering, Art, and Mathematics) Night is coming to Timbercrest Friday, February 5! From 6 to 7:30 families can drive through the parent pick-up loop to collect take home STEAM kits (one per family). Each kit will contain supplies for 3 activities you can do as a family. Visit our Facebook page (Facebook.com/TimbercrestPTA) to check out some guest scientists performing a variety of experiments! We hope to see you there!

THINKING GAMES

Thinking games for children are some of the easiest indoor activities you can find. They also work when you are out of the house, too.

The "Would You Rather?" game has two options and you ask which they prefer and why. For example, "Would you rather live near the beach or the mountains?"

The "Three Favorites" is another game in which someone picks a category (outfits, movies), and everyone tells their top three choices.

Maybe you would like to try the "What Doesn't Belong?" game. Each person takes a turn naming items and asking the others to explain which is the odd one out and why. In this game there could be more than one "right" answer. For example, an owl, ostrich, and an eagle. Someone may think the ostrich is the odd one because it cannot fly or maybe the owl, because it hunts at night.

Try these fun "thinking games" with your family.
