

Each year schools select their most outstanding Volusia Partners to become their Business Partner of the Year. This year we had 36 Business Partners of the Year. You can view the list under “Award>Volusia Partners of the Year. A district selection committee chose an exemplary partner to receive the Commissioner’s Business Recognition Award (commonly known as CBRA).

For the past 30 years, CBRA has celebrated the commitment, creativity, and innovation of partnerships between Florida businesses and organizations, and public schools.

2019 CBRA Recipient

VOLUSIA COUNTY SHERIFF’S OFFICE WAS NOMINATED BY CAREER & TECHNOLOGY DEPARTMENT

Volusia County Sheriff’s Office has been named Volusia County Schools’ Business Partner of the Year.

The Volusia County Sheriff’s Office has provided outstanding support to the School District of Volusia

County’s criminal justice programs since 2012. Due to the VCSO’s generosity, our schools have been provided with thousands of dollars’ worth of donated equipment including a patrol vehicle, handcuffs, fingerprint equipment for teaching CSI forensics, and radar units for measuring speed. Specifically, the equipment that each high school criminal justice has received has been used for authentic real-life learning.

Deputies regularly join classes and assist in lesson presentation, skills instruction, and project reviews to share their experiences. They also work diligently to coordinate job shadowing opportunities for high school seniors and build an important rapport between law enforcement and the young people of our community.
